What would your children like to be when they grow up ?

SKIES Unlimited

Schools of Knowledge, Inspiration, Exploration & Skills

The name SKIESUNLIMITED is an acronym for “*School of Knowledge, Inspiration, Exploration, and Skills*” with the word “Unlimited” for the unlimited possibilities this program can offer Army children and youth.

The program is in its early stages. Right now, Tobyhanna CYSS is conducting surveys and gathering information from kids and parents to find out what programs CYSS kids are interested. With the support of our community and the parents, the program will grow and expand offering various programs and classes which will benefit the youth of our community.

Schools of Knowledge, Inspiration, Exploration & Skills

SKIESUnlimited offers a wide variety of programs that will unlock our children's potential.

It is with the knowledge that all children are born with special talents and abilities that SKIESUnlimited can exist. It is our goal to create an environment that offers a multitude of instructional programs, through which children and youth can discover and develop these skills and talents.

Young people spend as much as 80% of their waking time outside the classroom. When involved in instructional programs during the critical hours of 3-8 pm, they are less likely to engage in undesirable behavior. The latest education research confirms that students' involvement in after-school instructional programs is beneficial on all levels.
