

# Navy Reserve Component Training

Tobyhanna Army Depot (TYAD) is the U.S. Army Center of Industrial and Technical Excellence (CITE) for Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR), Electronics, Avionics and Missile Guidance and Control. TYAD is the U.S. Air Force Technology Repair Center for Command, Control, Communications, Computers and Intelligence and Tactical Missiles.

### CAPABILITIES

TYAD offers a unique environment for non-accredited sustainment training. Warfighters receive individual, hands-on training from depot journeyman technicians in C4ISR equipment and systems. This training is available to all branches and components of the Armed Forces of the United States.

TYAD provides over 30 C4ISR Military Occupational Specialty (MOS) training programs (see complete listing) for the Joint Warfighter.

Essential services and accommodations available for Soldiers include:

- Summerall Barrack Accommodations
- On-Post Dining
- Mack Fitness Center
- Post Exchange and Commissary
- Post Auto Service Shop

TYAD Reserve Component Training Coordinator - (570) 615-6492
